

CIP Worksheet - Identity

Instructions: Age, gender, religious or spiritual affiliation, sexual orientation, race, ethnicity and socioeconomic status are all identities. Some identities are things people can see easily (like race or assumed gender), while other identities are internalized and are not always easy to see (like disability, or socioeconomic status or education level). Take a few minutes to think of your multiple identities. Write them in the boxes below, ranking them by importance; larger boxes are the identities you think are most important to you, smaller boxes are the identities you don't think of as often.

Why did you choose the identity in the largest box? What does this identity represent about yourself?

Why did you choose the identity in the smallest box? What does this identity represent about yourself?
